## Visits Former Teacher

139 Plymouth Ave., South Rochester, N. Y., Sept. 23

Dear Advertiser: When I read that "Don" was to be one of the speakers at the big Ad Convention, I immediately let him know that I was in town. As I am a short distance from Hotel Rochester where the convention was held, he came walking up the street looking much the same as ever, alert and with no added lines and marks of the years that have passed.

I reviewed the years when I was his teacher in Geometry and French and spoke of the old pupils, some of whom have passed away. Don has been a successful man by sheer pluck and nature talent and he has stood the test of success where so many show up badly—Success has not changed him or puffed him up or caused him to lose interest in his old friends. He is always "just Don" to Norway and the old friends. There is a real greatness about him which we all recognize.

He received a master's degree from Bowdoin College a few years ago after writing The Life of Artemus Ward. This was the first and only real story of the life of that famous funny man from Maine. Mr. Seitz is the author of several books of travel, having written "Elba and Elsewhere" after a yachting trip in the Mediterranean, also "Glimpses of Japan" and other books.

I liked his book of verse entitled "Farm Voices." Don has several other books in the making besides the great interests which keep his mind busy. Don is a great man. In the test of character he has not failed. He told me he had remembered his French—everything that I taught him.

He is full of ideas on education. They are good and a great improvement on the courses of study we have now in our schools.

I remember a picture of the boys in Don's class, taken while they were in Norway High. They all recited to me of Portland and of them all, Frank Bradbury, Frank Tru, Dick Clement, Frank Gibson, Morrill and Roscoe Packard, Don Seitz, all successful in their line of business—doctors, lawyers, a judge, newspaper man, etc.—As we think of them, the old days still live—those happiest days. In kind remembrance of my teaching days in old Norway.

—Alma Pendexter Hayden.

## SOUTH PARIS

Shaw-McAllister  
Perley A. Shaw and Ada A. McAllister, both of Paris, were united in marriage on the evening of Sept. 20. The ceremony was performed at the Paris Hill Baptist Church by the pastor, Rev. Helen H. Carlson, the double ring service was used.

Effective decorations in the auditorium were made of gladioli and asters and arranged by Miss Anesta Eastman and Mrs. F. B. Hammond.  
The wedding march was played by Mrs. Newton Cummings. The bride was dressed in white crepe-de-chine with veil and carried a bouquet of white asters. Best man, sister of the groom, was the bridesmaid and wore a white crepe and carried a bouquet of asters. The best man was Archie McAllister, brother of the bride, and flower girls were Eleanor Shaw and Arline Whitney.

A reception in the vestry immediately after the wedding was largely attended. Refreshments were served by the Philanthropic and Barbers classes. The couple left for a honeymoon at a camp in Lovell.

The bride is the daughter of Mr. and Mrs. Fordyce I. McAllister of Paris. She was graduated from Paris High School in 1921 and has taught school in the Mountain District. The groom is the son of Mr. and Mrs. Gilbert E. Shaw of this town and graduated from Paris High School in 1921.

Postmaster Kenney Will Retire  
Earl R. Clifford will assume the duties of postmaster at the South Paris office on October 1, succeeding J. Augustus Kenney, who has had the office since February, 1915.

Mr. Kenney has faithfully performed his duties and given constant attention to the work of serving the public in every way possible. He will retire with the good wishes of all patrons for a period of leisure which he has earned and will enjoy.

Mr. Clifford is the son of Mr. and Mrs. W. K. Clifford of this town. He is a graduate of Bates College and was a teacher before enlisting in the Medical Department in December, 1917, for the World War. Soon after being transferred to the Motor Transport Corps, he was commissioned second lieutenant and trained men in this department of duties overseas. He was discharged in May, 1919. Mr. Clifford has a wife and children.

Harvey Leighton Accidentally Drowned  
Harvey, youngest son of Mr. and Mrs. Harry Leighton, was accidentally drowned in the Androscoggin River, by the International Paper Co. mill, Saturday afternoon, Sept. 15, about five, while at play with some other boys on a ledge where a few stray sticks of pulp wood had lodged, and it is supposed he was trying to throw in the wood and slipped in.

The current is very swift at this point, with an undertow, which made it impossible for him to save himself. A large crowd of men with boats and pick poles quickly arrived, but the body was not recovered until seven o'clock by Harry Noyes, in a depth of about twenty feet of water. He was taken to Walter's undertaking rooms, and later removed to his home, where services were held by the pastor at one o'clock, Rev. Wendell Stevens Abbott, pastor of the Universalist Church officiating. Harvey was a bright active boy and a general favorite with all who knew him as was shown by the steady throng of people, both old and young, and especially the large number of schoolmates who came to pay their last respects to him on Monday afternoon and Tuesday forenoon.

He observed his thirteenth birthday a day before his death. He was laid to rest in the Wheeler Cemetery in Shelburne beside his mother, who passed away when he was but three years of age. He leaves a father, step-mother, three sisters and four brothers, besides other relatives to mourn his loss. The floral offerings were many and beautiful, which showed that although he had only lived a comparatively short time he had not lived in vain.

Mr. and Mrs. Albert L. Holmes expect to leave South Paris early in October for Elmwood, Conn., to make their home with their son William K. Holmes and family. Mr. Holmes will reach his retiring age as rural mail carrier in October, after twenty-three years service on Route 2.

A large party of young people accepted the invitation of Mr. and Mrs. Raymond Gates to a corn roast at their home on Stearns Hill, Thursday evening. A huge bon fire was kindled by the rain before the party had a chance to do any roasting. All adjourned to the house, where the corn was boiled. Games and fun made an enjoyable evening.

Mr. and Mrs. Alton C. Maxim entertained about thirty-five Knights of Pythias and Pythian Sisters at the Maxim cottage near Lake Penesseewassee. Rain spoiled the outdoor camp, fire ready for a corn roast, but the large fireplace in the cottage served the purpose. Cards and sociability followed the feast of roasted corn.

Lydia E. Pinkham's Vegetable Compound Made Her Eat, Sleep and Feel Better Every Way

Chicago, Ill.—"I was weak and run down and in such a nervous condition that I could hardly do my work. I was tired all the time, and dizzy, and could not sleep and had no appetite. I tried different medicines for years, but they did not help me. Then I read in the papers about Lydia E. Pinkham's Vegetable Compound and what it had done for other women and gave it a trial. I began to eat better and could sleep, and consider it a wonderful medicine. I recommend it to my friends and will never be without it."

—Mrs. M. O'Connell, 3640 S. Marshfield Ave., Chicago, Illinois.

It is such letters as these that testify to the value of Lydia E. Pinkham's Vegetable Compound. This woman speaks from the fullness of her heart. She describes as correctly as she can her condition, first the symptoms that bothered her the most, and later the disappearance of those symptoms. It is a sincere expression of gratitude.

For nearly fifty years Lydia E. Pinkham's Vegetable Compound has been so praised by women.

### STORY OF BY-GONE DAYS

#### Twenty-Six Years Ago

Charles F. Bidon has moved into his new store, Corner Main and Danforth St. It is considered one of the finest markets in Oxford County.

Albion Packard was attacked by a highwayman Saturday night while driving to his home on Paris Hill from South Paris. This occurred near the watering trough in a dark, secluded spot. One would-be robber was knocked down with a blow from the whip butt and the other laid over when the horse suddenly jumped.

Prof. Joseph LaRue made a successful balloon ascension and parachute drop from Electra Park Tuesday evening. He landed on the roof of the small dwelling opposite the park.

Detective Albert P. Bassett was in Lewiston Tuesday for the hospital surgeons to locate a bullet fired into his shoulder by an Italian during the labor trouble at Rice's Junction.

Charles H. Howard of South Paris has gone to Boston for a year's advanced course at the School of Pharmacy.

#### Italian Laborers' Trouble, Sept., 1897

A strike among 237 infuriated Italians at Rice's Junction in Waterford, who are grading the Oxford Central Railroad, stirred up the country side for miles around. Non-payment of wages amounting to \$2300 and inflated prices charged by Felix Certosimo, the provision dealer, with the outfit was the direct cause for this disturbance.

Robert A. Davis, a foreman; James Hallett, time keeper, and the objectionable trader were held prisoners. Hallett and the Italian grocer escaped to Norway, thence out of the state by an early train. Davis was rescued by State detectives C. M. Wormell of Bethel, A. P. Bassett of Norway, sheriff Fred A. Porter and deputies in a sensational getaway. Several sons of Italy were bruised and Detective Bassett carried home a bullet in his shoulder.

Camp was broken Tuesday morning and the army tramped to Norway, claiming for "deum." There were no disturbances but many special officers were sworn in to patrol the streets and meet any emergency. Lieut.-Col. Eugene F. Smith was in communication with the military headquarters at Augusta. Officers of Co. D, 1st Me. National Guard notified the men to be ready for a call.

Selectman D. S. Sanborn furnished food and opened Norway Opera House for sleeping quarters until Thursday, when 160 were given free transportation to Boston. Dr. B. F. Bradbury treated two of their wounded and cared for them at his house.

This will prick the railroad bubble for the present. No money is available for immediate use. Seventeen miles of grading has been done. Bridge piling over Lake Pennessewassee is in with ties and poles strung along the route.

It is rumored that two Italians are buried near the camp, the victims of a fracas Sunday night. These may refer to the wounded being treated at Dr. B. F. Bradbury's. People living nearby claiming to know the fact, are to institute a search.

### NORWAY AND VICINITY

#### Entertained Guests

A charming "At Home" was given on Saturday, by Mrs. Elizabeth C. Holman in honor of Mrs. Beulah Young and Mr. Charles Harrison, the noted American tenor, and Mrs. Holman's house-guests, Martin S. Tidd and Cyril Silver, of Boston. Mrs. Young has held a summer class in voice-placing, in Norway, and returns to New York next week. Mrs. Holman's beautiful old-fashioned house, "Lochner" looked particularly delightful, profusely decorated with the last garden flowers. The tea table was in orange with a huge bowl of marigolds, and was presided over by Miss Adelaide D. Shattuck of Norway Lake.

Among those who were present were Dr. and Mrs. C. A. Stephens of Norway Lake, Mr. and Mrs. Hugh Pendexter, the Misses Deal, Dr. H. F. Jones, Mrs. Mary Mealand Stone, James Thompson of Paris Hill, Ruth Cummings, Charles A. Gargelon, Jr., Marion Haskell, H. O. Stone and Philip Stone. It is rumored that an engagement of interest to Norway and Portland society will soon be announced.

#### The Baltimore Boys

Will and Elmer Terrier of Baltimore were here in Norway visiting connections and friends this fall. Will is in the employ of the B. & O. R. Co. and Elmer thoroughly understands the grocery business. They find the place better than Norway to spend their vacation in. They are liked by all who know them and their many friends here hope that they will come every year to Norway to spend their vacation.

Reggie Dinsmore and Capt. Mel Sampson start October 1 on their annual trip into Mason and Newry after woodcock and partridges. They will comb the timber about three days and expect to clean up that territory as usual.

Capt. Sampson: "If the birds who stole my shells when they copped Shorty's car at Gorham fair, will send their address, I will forward a shot gun and make the gift complete."

#### OTISFIELD GORE

The part that caused expensive and annoying repairs is, in the Willard, the most durable and trouble-free part. The Willard Threaded Rubber Battery, therefore, will give you more use and will stand more abuse, and if only you will give it the slight but regular care that all batteries should have, it will return to you every month and every mile of service that any battery could possibly give you under the particular driving conditions you have!

### What is the Life of an Exide Battery?

Many car owners have obtained five or more years of service from their Exide Batteries. Others permit their batteries to be ruined in a few months through neglect and preventable abuse.

The things which do the greatest damage are lack of water, lack of charge and properly secured. So we say frankly to Exide owners that the life of their batteries is largely in their hands.

Keep your battery well charged, filled with water, clean and properly secured in its place and it will give a long life and unflinching service.

WHAT UNCLE LEM SAYS

Don't crowd the steers up hill. It won't be good for their health. Don't load the mule team too heavy. One might swear, he wouldn't pull. The cows have to be milked before breakfast and after supper. If the hired man works by an eight hour law with big pay, the farmer must make mighty long days, and at the close of the season, come-out of the little end of the tie-up.

It is high time that men were elected to the Legislature who know enough to vote against fool laws. We keep sending there a large number who as in the last Legislature, vote two or three ways on the same subject matter before the session ends.

Don't forget to turn out on Monday, October 15, and bury out of sight one proposed fool law. It will be the beginning of a better time.

That Cal Coolidge is a mighty shrewd man. He found in this coal strike business, that he didn't have so much authority to handle it as he wanted and not desiring to have such wild political popinjays as Magnus Johnson howling about his ears he decides not to call Congress in special session on account of the uncertainty of what it might do after months of talk so he turned over the matter to the Governor of Pennsylvania, who has the power to revoke the licenses of the miners and appoint others in case of a strike. That state, too, has imposed a tax on every ton of coal carried out of it. The Governor has effected a settlement between the operators and miners and the people are sure of obtaining anthracite coal for this and next year, but the price has been raised to one dollar or more a ton. The Governor is trying to have this increase "absorbed," (this is an expressive term to use,) by the operators of the mines and the transportation companies.

It is said that Governor Pinchot desires to be President of the U. S. but no man can get there who favors the Pennsylvania tax on coal and does not try to reduce the present prices, which are nearly twice what they should be. Pinchot may just as well put that in his pipe and smoke it. The people are exasperated at facing a strike every year with a continual increase of price in coal when the trouble is settled. They are getting down to business and ready to make their ballots count against those who do nothing for the interests of the great mass of the people.

It is amusing to see how eager the wire-pulling politicians are to find out what Governor Baxter intends to do in 1924. I can tell them exactly what he will do—keep them on the anxiety seat, guessing till long after New Years.

Has it been noticed how quietly Henry Ford's name, as a candidate for President, has disappeared from the front page of the newspapers. Henry is a great money getter, said now to be the richest man in creation, but he doesn't appear to know the A. B. C. of politics. He has talked too much. He should have taken a few lessons from Cal Coolidge in keeping his mouth shut. When Ford said that the army and navy ought to be used to enforce the Volstead Act, the Hearst influence and the Wets dropped him like a hot potato. Henry is a good man and means well but—Hades, it is said, is paved with good intentions.

RUTHERFORD'S SPEECH

Judge Rutherford, President of the I. B. S. A. who has been in Auburn several times and lectured on "Armageddon," gave his famous lecture before an audience of 35,000 people in Los Angeles recently at the coliseum. The Los Angeles Record devoted much space to a report of his lecture and it is said that street car transportation was swamped, roads and thoroughfares were choked with traffic. "By 2:30 o'clock 35,000 people had fought their way along the traffic blocked roads and overcrowded street cars and were gathered in the giant coliseum." Hundreds waited in cars out in the Exposition Park where they were able to hear every word of the speaker by a speaker's device erected by the Western Electric company. The speech was broadcasted over all parts of the country. Judge Rutherford succeeded pastor Russell as head of the International Bible Student's Association and is considered one of the ablest speakers on the lecture platform today. —Adv\*

### FRYEBURG

Mrs. Sampson H. Harriman. Although she had been a long time sufferer and for several weeks seriously ill, the death on Sunday, Sept. 2, of Mrs. Sampson H. Harriman came as a distinct shock to the community, and the Congregational Church of which she had been for many years an esteemed and faithful member.

A native of nearby Lovell, but for a great part of her life a resident of Fryeburg, her roots had gone down deep into the local soil, and she had an especially wide circle of friends in the community and section. Having united with the Lovell Congregational Church in early life, later transferring her membership to the Fryeburg Church, her christian life and works were known and respected of all—characterized by a fixed faith, and faithfulness in attendance at services and in personal service. Of an especially social temperament, she was ever at her best and happiest when friends were about her and, next to her church life and home life took most pleasure in her contacts and activities as a member of the eastern Star. She was especially domestic by nature, and her noteworthy devotion to the beloved ones of her home exceptionally endeared her to them, and heartily intensified the sadness of her passing. The fortitude with which she bore her sufferings, and the courage and good cheer with which she fought the battle against disease were very marked. She was also naturally a woman of unusual kindness and generosity. In spite of great physical frailty and severe and long continued illness, she was granted her to pass the record of three score years and nine, although the residue of her nature and the youthfulness of her spirits were such as to make her seem to most people very much younger. At last, on a soft and beautiful Sunday morning in the early autumn, her weary spirit was released from its frail and pain-racked earthly tenement to the freedom and the fullness and the bliss of the celestial life.

The last rites were performed at the home on Wednesday afternoon, Sept. 5, in the presence of a large company of mourning neighbors and friends, her pastor, Rev. Edward W. Wild, officiating, and at the grave by the order of the Eastern Star, whose committal service is exceptional in its beauty and impressiveness. The profusion of exquisite flowers and the elaborate set pieces attested the width and the warmth of the ties of friendship that bound the departed earth-left hearts. The deepest sympathy of church and community goes out to the surviving daughter Mrs. Bertha Simpson, so faithful and solicitous in her care for the beloved one gone, and for the long time companion of the many years, Deacon Sampson H. Harriman now as for a very long time, the faithful and efficient treasurer of the Congregational Church.

Other surviving relatives are as follows: two sisters and one brother, Mrs. Phebe Hatch of Fryeburg, Mrs. Dollie Eastman of South Paris, and Bennett McDaniels of Lovell, also several nieces and nephews.

### EAST WATERFORD

#### Camp McWain

A very enjoyable corn roast closed the

season's activities Thursday evening,

Sept. 15. Two fires were kindled on the

camp playground and neighbors to the

number of thirty joined with the guests

in roasting and disposing of a generous

quantity of corn. The evening was de-

lightfully warm, especially suitable for

such an occasion. After all had eaten

their fill of corn, they returned to the

Camp, where coffee and doughnuts were

served and the evening closed with dan-

cing and sociability.

Mrs. McKean returned to the camp last

week to accompany her daughter, Lee,

home. They went to Beverly, on Friday.

Ellen Stearns returned to her home in

West Paris, Saturday.

Mina Jacobson worked at the camp

last week.

Helen Sanderson spent last week in

Boston, attending a conference of the

New England Division of Red Cross work-

ers. She will act as Itinerant Instructor

of Home Nursing classes the coming win-

ter, her duties being to organize the

classes in the various communities and

assist the teachers. Her first field of ac-

## ATTRACTIVE COATS of the New Season

### FEATURE THE FAVORED FASHION DETAILS

Keeping pace with every phase of fashion and adding touches of individuality that make for style distinction, these coats are also notable in fine workmanship. Smartly cut collars, the new sleeve ideas, the side fastening, another new feature, help make the newness of the coats noticeable.

Dresses \$9.95, \$10.95, \$14.95, \$19.75, \$24.75

### NEW SEPARATE SKIRTS

The "something different" which is the foundation of individual style is found in these skirts to a marked degree, for while these are fashioned in harmony with the accepted modes of the season, each model displays some distinctive touch—pockets cleverly placed, a novel use of buttons, or perhaps an unusual panel effect. Materials are the soft, plain weaves in popular colorings and newer stripes and plaid effect.

Dress Skirts \$4.95, \$5.50, \$5.95, \$7.50, \$7.95

South Paris  
(Continued from page 1)

Marion Sampson has gone to Camden, N. J., as auxiliary teacher in the public schools. Florence Leach, who has been spending the summer vacation here, returned to Camden where she teaches in the second grade.

Mr. and Mrs. Albert D. Park, Mrs. Sarah Parlin and Miss Carrie Hall were in Portland Tuesday, where Mr. Park auctioneered blocks of reserved seats for the Maine Music Festival to be held at the Lafayette Hotel before a large crowd of patrons and it is needless to add that the auctioneer made good.

John Bunting of Bethel passed Sunday here visiting relatives and acquaintances.

Dorothy E. Chandler returned from Bethel this week after a visit of several days with her grandparents, Mr. and Mrs. F. S. Chandler.

Mr. and Mrs. Fred Emery, Mr. and Mrs. Francis Chandler and party from Biddeford were in town, Sunday.

The high school opened Monday and the pupils reported for registration. It is expected regular sessions will start next Monday as three or four rooms will be ready for occupancy, yet there remains considerable to be done before the building is completed. Football squads are being trained by Principal Carl Fuller and sub-master Ralph Masterson, with practice hours each day.

Moose dance each Monday eve., Norway. A. W. Walker & Son have completed their contract with the state for two cement bridges near Trap Corner. Grading has been done on the road and both bridges are now open to traffic.

Conditions favorable to radio reception have permitted Lester A. Cushman to give concerts in Market Square the past few evenings. A loud speaker located outside his radio shop could be heard at times half a mile and more.

Twenty-five candidates for high school foot ball have appeared for practice each day from 2.30 to 4 o'clock. More are expected and a pretty solid outfit is to be rounded up under athletic trainer Carl Masterson. The Berlin game on Saturday will not materialize and possibly arrangements can be made to play Woodstock High school.

### Porter District

D. O. Hill and wife attended the Andover fair.

School in this district commenced Sept. 17th with the same teacher, Ruth Barnett, as last year.

The school had perfect attendance for the week. Ora Pike, Vieno Pike, Lena Pike, Hugo Heikkinen had 100 per cent. in spelling for the week ending Sept. 21.

### NORTH WATERFORD

Maude Allen of Lewiston is a guest of her mother, Mrs. Annie Hazelton.

Frank Hatch, Lester Allen and Charles Marston are working for Fred Hersey at Albany in the woods. Frank Hatch boards at Charles Marston's.

Annie Hazelton has finished work at the East Waterford corn shop.

Mr. and Mrs. F. P. Hazelton, Mr. and Mrs. Isiah Hazelton, Mr. and Mrs. L. J. Andrews and son Ray and Alton Fernald went to Gilead's new bridge, built in the place of the wire one, they also went to Shelburn and up Wild River. Mrs. Andrews furnished a nice dinner for the party.

Another one of those good old Grange "Spasms" Saturday night. Gwendolyn Lord, who is teaching in the Plummer District boards at home and drives with a car.

### Albany Line

Mr. and Mrs. Charles Saunders and aunt, Elvira Hamlin, called on Mrs. E. K. Shedd one afternoon last week. Mrs. Saunders was soliciting food for the No. Waterford fair. The Ladies' Circle furnishes meals as usual in the vestry.

Mr. and Mrs. Lyman Shedd of Bolster's Mills and daughter and husband, Harold Caswell and wife of Harrison, called on their cousin, E. K. Shedd, Sunday, the 16th.

James Stone and Lyman Shedd took dinner with Mr. and Mrs. Shedd, Friday. Mr. Stone bought some antiques of Mrs. Shedd, beautiful dishes, etc.

George Cummings of Albany is to have another auction, Sept. 25, at 1 p. m.

Potatoes are not turning out very well.

Velma Holson is going to Norway High School.

Mr. and Mrs. Wm. Fisk and mother, Rebecca Fisk, visited Mr. Fisk's sister, Mrs. Evelyn Green, Sunday.

Mr. and Mrs. Calvert Fullerton carried their son, Charlie, back to Auburn last week to attend school. He has been visiting them for a few weeks.

James Stone is talking of starting his mill here as soon as there is water enough.

The brooks are getting very dry.

The apple crop is light in this vicinity and of inferior quality.

Mattie Sands is working for Roland Littlefield, caring for his wife and infant son.

Great preparations are being made for the North Waterford fair. It is hoped this will be the banner fair. A new building is being finished for a ladies' room and other much needed repairs. It is said the prizes will be larger this year and more of them. Bring in your stock and fancy articles and help to make it a greater success than ever before.

We appreciate the kindness of Mrs. Hattie A. Small for her "Letter of Appreciation" in the September 7 issue. It is good to know that someone puts one's efforts in trying to do something for the interest of others. Always glad to contribute my little mite if it gives anyone any pleasure.

### NORTH LOVELL

Mrs. Amos McKeen seems to be gaining slowly, her knee is very painful and it will be some time before she will be able to walk.

Elmer Davis has moved onto the John Kendall farm at Center Lovell.

Nearly all the summer visitors have returned to their homes; a few of them are staying to enjoy the fine weather and the beautiful autumn foliage.

The dance at the grange hall Saturday night was a success. Many of the costumes worn by the maskers were original and very amusing. Lunch was served and the music was fine. The musicians were all in costume. It was a gay time and everyone seemed to have a good time.

Mr. and Mrs. Harry Hill and son Harold, Albert Brown, and the school teacher, Ada Curtis, motored to Bethel, Sunday.

Jesse Adams has been hauling wood several days the past week.

Herbert McAllister Jr., has visited his sister, Glenna Wilson, and attended the dance, Saturday night.

"The highways are built for the pleasure and profit of everybody. Most drivers realize this and always show the proper consideration for the other fellow. Those who don't, sooner or later earn for themselves that universally disliked title—a road hog."

(The Veteran Motorist)

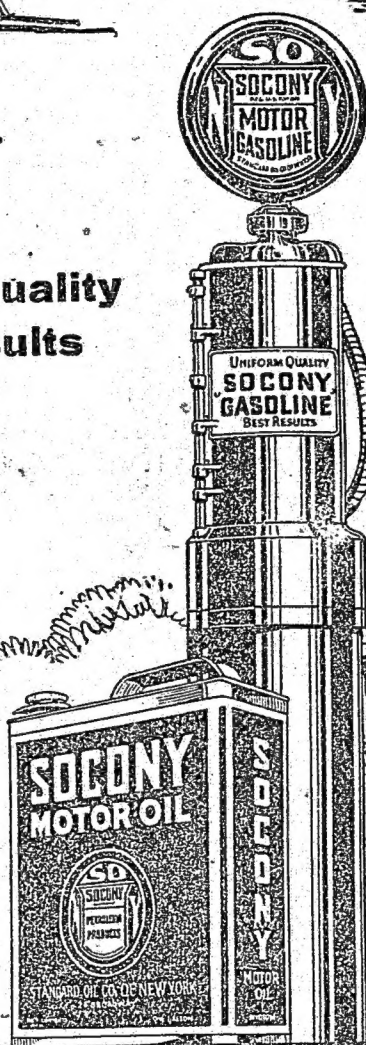

**JUST** a word to every motor truck driver who reads this paper. I've wanted to say something especially to you for a long time, but have kept putting it off. I was afraid you fellows might think I'm one of those high-brows trying to preach a sermon on something I know nothing about.

"Far from it! I've driven a truck a good many times, and I know what it is. It's a man's job. And what I want to say is simply this: because the average truck is so much bigger than the average car, why not give the car driver just a shade better than an even chance to pass you, without having to slide off the macadam or asphalt in doing it?"

"I don't believe that a single truck driver ever really means to hog the road. But a good many times he forgets. All he's got to do is to stick to his half of the road, and he's 'done his duty'. And it's better for everyone concerned. Incidentally, I understand that every driver in the big, attractive Socony fleet of trucks has special instructions to keep his machine well over to the right—never to hog the road."

#### PORTLAND MANUFACTURING PLANT ENLARGES

The Simmons & Hammond Manufacturing Company, one of Portland's leading manufacturing concerns, makers of the famous S & H Quality Ice Cream and S & H Chocolates and Candy specialties have been obliged to enlarge their plant.

Last winter, an adjacent building was taken and equipped with the most improved ice cream making machinery.

Now, fifteen thousand square feet additional—three entire floors—have been added and fitted with candy making machinery.

This new factory, especially to care for increased demand in candy specialties is particularly attractive. Flooded as it is with daylight, and overlooking Portland Harbor, it affords ideal working conditions for employees.

This new plant is under the direct personal supervision of Clinton L. Cheney. Mr. Cheney is recognized as one of New England's leading candy experts.

Before coming to Portland, Mr. Cheney had twenty-two years experience as superintendent, in two Massachusetts factories, thirteen at J. S. Bell Confectionery Co.'s plant and nine years at Page and Shaw's.

#### THE FORTY-FOUR HOUR WEEK

The slogan "Remember the Date" is before the people of Maine and refers to the expression of opinion with a ballot on October 15th. Shall we reduce the working week for women to 48 hours or continue as now with the 54 hour law? As conscientious citizens of this state, we must take the matter seriously and decide once and for all time whether or not Maine's industries, dependent largely on the employment of women can stand the decreased hours, consequently a decreased production.

Many affirm a 48 hour week means in the last analysis, loss of wages for the men, higher cost of Maine made goods, men taking the places of women in many industries and Maine products, a drag on the market, owing to lower labor costs in states not on short hours.

A careful survey indicates the majority sentiment of our people, particularly those in our less populous communities, is in opposition to the proposed change to a 48 hour week. A considerable number of those who are opposed in their minds either feel that the law cannot go through, and ought not to go through, hence the individual is not conscious of any necessity of action upon his or her part, or else the individual feels somewhat indifferent because of the assumed fact that the change "would not affect me." Therein lies a very dangerous situation. Every last vote is needed to prevent Maine from making a change which in the judgment of all kinds of employers and producers will put us at a disadvantage which will be hard to bear and almost impossible to recover from. Under no circumstances must the individual assume that his or her vote is not absolutely needed upon October 15th. Those opposed to the change will from now until the 15th of October devote their energies to convincing the people of the necessity of casting their vote upon election day.

# REMEMBER THE DATE--OCTOBER 15th

## Vote on the 48-Hour Law Referendum

# NO X

On October 15th

Every man and woman voter in Maine is in duty bound to express opinion on a proposed law which shall make it an offence against the law for any person employing a woman in any capacity in any sort of industry in Maine, for more than 48 hours in any one week.

### The Present

Law permits women to work 54 hours a week. This law will reduce the hours of work SIX hours a week.

### If You Pass This Law

It Will Put Maine at an 11 Percent Disadvantage

With Every Other Industrial State in the United States Making

Cotton and Woolen Goods and Shoes, Except One.

IF THIS LAW affecting women is passed, every cotton mill and every shoe shop will be put on the 48-hour basis.

IT WILL tend to throw women out of work.

IT WILL damage the values of farm-property.

IT WILL increase the danger of Southern competition in cotton-mills.

IT WILL increase the present movement of shoe-industry toward the Middle West.

IT WILL prevent new industries from coming to Maine, to locate.

IT WILL cause Maine capital now in the cotton-manufacturing business to put their money in the South, instead of building new mills here.

IT WILL be a blow to Maine, which is already having a hard enough time to get along.

### Be sure to VOTE

And if you want to save Maine from a serious handicap at this time, when Southern Mills and shops are working as they please, vote NO.

## Vote "NO" October 15th

"Oh! I Can See a Lot Better Now"

Of course you can! When properly fitted glasses relieve the strain on the delicate eye-muscles and nerves, you can tell the difference at once.

Perfect vision is a rarity. Many persons suffer the ill effects of impaired vision because they do not realize to what extent their sight might be helped with properly fitted glasses.

It is such a simple matter to find out whether or not your eyes need glasses that no one should continue to put it off from day to day. Why not call and see me?
